Vocabulary Cards

CARD 1
Analyze
Analizar

A student breaking down a complex problem into smaller parts with a magnifying glass

CARD 2
Synthesize
Sintetizar

Different puzzle pieces coming together to form a complete picture

CARD 3
Evaluate
Evaluar

A person weighing two options on a scale, making a judgment

CARD 4
Summarize
Resumir

A large book being condensed into a small notebook with a few key points

CARD 5
Compare
Comparar

Two apples side-by-side, highlighting their similarities

CARD 6
Contrast
Contrastar

A black cat and a white cat standing next to each other, showing differences

CARD 7
Infer
Inferir

A detective looking at clues to figure out a mystery

CARD 8
Elaborate
Elaborar

A simple sketch being expanded with many detailed drawings and notes

Vocabulary Cards

CARD 1
Justify
Justificar

A student presenting reasons and evidence to support an answer

CARD 2
Context
Contexto

A word in the center of a circle, surrounded by other related words and images

CARD 3
Evidence
Evidencia

Footprints on the ground leading to a lost item, showing proof

CARD 4
Hypothesis
Hipótesis

A thought bubble with a question mark and a possible explanation

CARD 5
Theory
Teoría

A complex diagram with interconnected ideas, representing a well-explained concept

CARD 6
Argument
Argumento

Two people debating respectfully, each presenting their case

CARD 7
Perspective
Perspectiva

Two people looking at the same object (e.g., a '6' or '9'), seeing different numbers

CARD 8
Differentiate
Diferenciar

Sorting different colored blocks into separate piles

Vocabulary Cards

CARD 1

Interpret

Interpretar

A person looking at a piece of art and explaining its meaning

CARD 2

Illustrate

Ilustrar

A teacher drawing a picture on a whiteboard to explain a concept

CARD 3

Conclude

Concluir

A finish line with a runner crossing it, representing the end of a process or a final decision

CARD 4

Demonstrate

Demostrar

A person showing step-by-step how to build a model

Teacher Notes

Objective

Students will be able to understand, identify, and begin to use academic vocabulary words essential for success in middle school content areas. Students will develop strategies for comprehending and applying these terms in English and Spanish.

Suggested Use

Pre-teaching: Introduce words before a unit or lesson. During Reading: Encourage students to identify and infer meaning of words in context. Post-Reading: Use words in summaries, discussions, and writing assignments. Writing Activities: Provide sentence frames and graphic organizers for students to practice using the vocabulary. Pair Work: Students can practice definitions and create sentences together.

Materials Needed

- Printed vocabulary pack (worksheets, mini-book)
- Pencils, crayons/colored pencils
- Whiteboard or chart paper
- Markers
- Optional: Bilingual dictionaries, digital devices for image search

Differentiation Tips

- For beginners: Provide sentence starters for all writing tasks. Allow students to use L1 for initial understanding before transitioning to English. Use gestures and realia whenever possible.
- For intermediate learners: Encourage creation of concept maps or Frayer models for each word. Have them write short paragraphs using multiple vocabulary words.
- For advanced learners: Challenge them to use the words in debates or presentations. Ask them to explain the nuances between similar words (e.g., 'hypothesis' vs. 'theory').
- Visual support: Always pair words with images or physical actions.
- Peer support: Encourage collaborative learning where students can explain words to each other in L1 or L2.

Answer Key

matching-1

1
To break down information into smaller parts to understand it better.

2
To combine different ideas or pieces of information to create something new.

3
To form an opinion or judgment about something.

4
To state the main points of something in a brief form.

5
To find similarities between two or more things.

6
To find differences between two or more things.

7
To figure out something based on evidence and reasoning, not directly stated.

8
To explain with more details.

9
To give reasons or evidence to support an answer or claim.

10
The circumstances or information surrounding an event or word that help to understand it.

tracing-1

1
Students trace 'Evidence' and write it three times.

2
Students trace 'Hypothesis' and write it three times.

3
Students trace 'Theory' and write it three times.

4
Students trace 'Argument' and write it three times.

5

6

Students trace 'Perspective' and write it three times.

Students trace 'Differentiate' and write it three times.

7

Students trace 'Interpret' and write it three times.

8

Students trace 'Illustrate' and write it three times.

9

Students trace 'Conclude' and write it three times.

10

Students trace 'Demonstrate' and write it three times.

coloring-1

1

Students color the illustration for 'Analyze'.

2

Students color the illustration for 'Synthesize'.

3

Students color the illustration for 'Evaluate'.

4

Students color the illustration for 'Summarize'.

5

Students color the illustration for 'Compare'.

6

Students color the illustration for 'Contrast'.

7

Students color the illustration for 'Infer'.

8

Students color the illustration for 'Context'.

9

Students color the illustration for 'Argument'.

10

Students color the illustration for 'Perspective'.
