Teacher Notes

Objective

Students will be able to understand, identify, and begin to use academic vocabulary words essential for success in middle school content areas. Students will develop strategies for comprehending and applying these terms in English and Spanish.

Suggested Use

Pre-teaching: Introduce words before a unit or lesson. During Reading: Encourage students to identify and infer meaning of words in context. Post-Reading: Use words in summaries, discussions, and writing assignments. Writing Activities: Provide sentence frames and graphic organizers for students to practice using the vocabulary. Pair Work: Students can practice definitions and create sentences together.

Materials Needed

Printed vocabulary pack (worksheets, mini-book)
Pencils, crayons/colored pencils
Whiteboard or chart paper
Markers
Optional: Bilingual dictionaries, digital devices for image search

Differentiation Tips

For beginners: Provide sentence starters for all writing tasks. Allow students to use L1 for initial understanding before transitioning to English. Use gestures and realia whenever possible.
For intermediate learners: Encourage creation of concept maps or Frayer models for each word. Have them write short paragraphs using multiple vocabulary words.
For advanced learners: Challenge them to use the words in debates or presentations. Ask them to explain the nuances between similar words (e.g., 'hypothesis' vs. 'theory').
Visual support: Always pair words with images or physical actions.
Peer support: Encourage collaborative learning where students can explain words to each other in L1 or L2.
