Teacher Notes

Objective

Students will be able to identify and name 12 basic body parts in English and Spanish, and use them in simple sentences.

Suggested Use

Introduce vocabulary using flashcards and gestures. Use the mini-book for shared reading, then allow students to color and assemble their own. Worksheets can be used for individual practice, small group work, or as homework. Encourage Total Physical Response (TPR) by asking students to point to body parts.

Materials Needed

- Pencils
- Crayons
- Scissors
- Glue sticks (for mini-book)
- Optional: Body parts flashcards
- Optional: A large picture or doll to label body parts

Differentiation Tips

For emerging learners: Provide extra visual support and model gestures. Focus on 3-5 core words initially. Allow students to point instead of speaking.
For developing learners: Encourage full sentence responses. Use 'Simon Says' to practice body part vocabulary. Provide sentence frames for the mini-book pages.
For advanced learners: Ask students to describe the function of each body part. Introduce additional body parts (e.g., elbow, knee, fingers, toes). Have them draw and label a full person.
