Teacher Notes

Objective

Students will be able to identify, understand, and use common opposite words (e.g., big/small, hot/cold) in English and Spanish.

Suggested Use

Introduce vocabulary with flashcards and gestures. Read the mini-book aloud, pointing to pictures. Use the tracing worksheet for handwriting practice and word recognition. The matching worksheet reinforces understanding of opposites. The coloring worksheet provides a fun way to apply vocabulary and follow instructions. Encourage students to create their own sentences using the opposite words.

Materials Needed

- Printed vocabulary cards (optional)
- Printed mini-books (one per student)
- Printed worksheets
- Crayons or colored pencils
- Scissors (for mini-book assembly)
- Glue sticks (for mini-book assembly)

Differentiation Tips

For emerging learners: Provide extra visual support and gestures. Use realia (real objects) when possible. Focus on 2-3 pairs at a time. Allow students to point instead of speaking.

For developing learners: Encourage students to repeat words and phrases. Provide sentence frames (e.g., 'The elephant is _____. The mouse is _____.') for oral practice. Partner work for matching activities.

For expanding learners: Challenge students to use the words in original sentences. Ask 'why' questions (e.g., 'Why is the sun hot?'). Have them draw their own opposite pairs.
